
Aerial Technician

Company: Aura Construction Services

Date Posted: July 2016

Hiring Manager: Jason Wade

Closing Date: _____

Primary Purpose

Aura Services offers a complete and diverse range of services to the telecommunication industry. We are a team of industry professionals focused on hiring top talent, with a strong commitment to delivering customer service, who work closely with our partners to help them achieve their business objectives.

We are currently seeking Aerial Technicians.

Nature of Work

Reporting to crew Foreman and Field Manger, assisting in the construction, maintenance, repair of cellular towers, sites and their associated equipment.

Accountabilities

- Follow direction from Foreman and Senior Aerial Technician
- Preparation and maintenance of construction sites
- Function as a member of a 2-4man crew
- Assist in the installation, maintenance and troubleshooting of cellular towers, sites and equipment
- Preparation and inventory of tools and equipment
- Assist foreman in ensuring quality control and site safety

The above responsibilities represent the major assigned duties to incumbents for this role. They are not intended to be an exclusive list of all tasks.

Skills

- Ability to read, comprehend and carry out written and verbal instructions
- Ability to work reliably with minimal supervision when required
- Basic knowledge and experience with construction hand tools and power tools
- Ability to identify safe working conditions and take a proactive approach to maintaining them
- Must possess a valid driver's licence (other class licences and or crane certificates an asset)
- Willingness to learn cellular industry standards and customer specifications
- Prior cellular industry experience an asset
- Prior cellular testing experience an asset
- Prior rigging and safety courses an asset

Work Environment

This job is performed mainly in a construction/field environment type setting. This requires extensive travel when needed and exposure to inclement weather conditions. This job requires the ability to work at height for extended periods when required. Physical ability to climb ladders and towers with equipment/materials on a regular basis.

Join Aura Services and help grow with our team, alongside some of the most respected professionals in the industry.
